

# DATA SHARING AGREEMENT

This Data Sharing Agreement (the “Agreement”) is made between \_\_\_\_\_ (“Provider”) and the Lewisville Independent School District (the “District”). The District and Provider will be collectively referred to as the “Parties.”

## 1. DEFINITION, USE, AND TREATMENT OF DATA.

- A. “Data” shall include, but is not limited to, the following: student data, employee data, metadata, user content, course content, materials, and any and all data and information that the District (or any authorized end user(s)) uploads or enters through their use of the product. “Data” also specifically includes all personally identifiable information in education records, directory data, and other non-public information.
- B. The District owns and retains all rights, title and interest to, or has appropriate possessory rights in, Data. Provider makes no claim of license, title or ownership to or in Data.
- C. All Data accessed or used by the Provider shall at all times be treated as confidential by Provider and shall not be copied, used or disclosed by Provider for any purpose not related to providing services to the District. As outlined in more detail below, Provider recognizes that personally identifiable information is protected against disclosure by Federal and State Statutes and Regulations, and Provider agrees to comply with said restrictions.

## 2. PURPOSE, SCOPE AND DURATION.

- A. For Provider to provide services to the District it may become necessary for the District to share certain Data related to the District’s students, employees, business practices, and/or intellectual property.
- B. The Parties acknowledge that the District is subject to the Family Educational Rights and Privacy Act (20 U.S.C. 12332(g)) (FERPA), which law and supporting regulations generally address certain obligations of an educational agency or institution that receives federal funds regarding disclosure of personally identifiable information in education records. As set forth in more detail below, the Parties agree that Provider is a “school official” under FERPA and has a legitimate educational interest in personally identifiable information from education records because Provider: (1) provides a service or function for which the District would otherwise use employees; (2) is under the direct control of the District with respect to the use and maintenance of education records; and (3) is subject to the requirements of FERPA governing the use and redisclosure of personally identifiable information from education records.
- C. The parties expect and anticipate that Provider may receive personally identifiable information in education records from the District only as an incident of service or training that Provider provides to the District pursuant to this Agreement. Provider shall be permitted to use any such personally identifiable information in education records as a function of performing its duties and obligations to the District. Provider represents that it shall not use or further disclose any personally identifiable information in education records other than as a function of performing its duties and obligations and as authorized herein.
- D. This agreement becomes effective immediately upon the date of execution and shall remain in effect during the time that Provider provides services to the District. Provider agrees to use said Data solely for the purposes of providing services to the District.
