

S.T.E.A.M. Club @ Homestead Elementary (Science, Technology, Engineering, Arts, Math) After School Enrichment

At Bricks 4 Kidz, your child will be engaged in STEAM-enriched lessons and activities. Learn, Build, and Play the Bricks 4 Kidz way! Our specially designed project kits and theme-based models provide the building blocks for the Bricks 4 Kidz approach to educational play. At Bricks 4 Kidz, we believe that kids learn best through activities that engage their curiosity and creativity. The activities are designed to trigger young children's lively imaginations and build their self-confidence.

STEAM Club – Wednesdays 3 – 4 pm

Our program is designed to provide a hands-on atmosphere where children will learn science, technology, engineering, art and math (STEAM) using LEGO® bricks. Our students will learn about gears, motion, friction and more.

Fall Session 1 grades 1 – 5th : Sep 14 – Oct 26 (7 classes) \$91*

Fall Session 2 grades Kinder – 5th : Nov 2 – Jan 11 (6 classes – no classes Dec 14 or Jan 4)
\$78*

*\$25 [Annual registration and supply fee](#) due before 1st class of session.

Each student will make a mini-take home build on the last day of each session.
