

## **Chrome - View PDF in Adobe Reader**

If you have problems viewing a PDF in the Adobe Reader DC, you will need to disable the Chrome PDF Viewer. Once this is done, the pdf should open in the reader.

Adobe Acrobat Reader DC Download

- 1) Open Chrome.
- 2) Type Chrome://plugins in the address bar.
- 3) In the window shown below, click to Disable the Chrome PDF Viewer (it should now be graded out and say "Enable".
