## **Google Chrome - Manage Pop-up Blocker**

To manage the pop-ups on Google Chrome, you may need to add sites to the permissions. To do so,

1) Click on the link to Customize and Control Google Chrome.

🐺 Settings	×					C
- ⇒ C fi	Chrome://settin	ngs			53	9
Apps For quick	access, place yo <mark>ur b</mark> ookm	arks here on the bookma 🧧	New extension 1. Clic	ck to manag	ge

4) Scroll down to the Pop-ups section and click the "Manage exceptions" button.

Content settings
Pop-ups
<ul> <li>Allow all sites to show pop-ups</li> </ul>
Do not allow any site to show pop-ups (recommended)
Manage exceptions

5) To add a site to the "allow" list, type the url in the Box and enter or click the Done button.

ostname pattern	Behavior	
ncoresso.lisd.net	Allow	Ð
hub.lisd net	Allow	-

6) The sites that have been added to this list should be allowed to open pop-ups.
