

COMMITTED TO EXCELLENCE

**DATE:** November 29, 2007

**TO:** Raul Pena, Principal

**SUBJECT:** Central ES - IAQ - Remediation of Room 613

On Tuesday 11/13, EFI inspected Room 614. The area is about two square feet above the cove base. EFI suggested that it was a small area and that our Maintenance could do the job. Since it is under 25 Sq. Ft., Allen Sayers' crew will do the work by the end of this week 11/30. After the work is completed, I will have EFI re-test the room. If you have any questions, please call me.

Thanks,  
Paul
