SUBJECT: McAuliffe ES -IAQ - Air Test for Rooms A-101 & A-103

In your E-mail today, you requested that Rooms A-101 & A-103 be tested. "*They are adjoining and both teachers say that their eyes are burning when they get to school*". I have requested EFI to do any Air Test in those rooms. We should have the results back by Thursday 5/1. If you have any questions, please call me.

Thanks,
