Re: New Immunization Requirements for Students entering 7th grade 2009-2010

The Texas Legislature recently passed new legislation requiring additional immunizations for students entering the 7th grade in the 2009-2010 school year. Parents are required to provide proof of these immunizations **prior to** the start of school in August 2009.

Three additional immunizations are required:

- Tdap Booster – unless last dose of tetanus was given after August 2004
- 2nd Chicken Pox (varicella), received on or after the first birthday – unless school has documentation of chicken pox disease
- Meningococcal

Please review your child's immunization records to see if he/she has received these immunizations. If not, please obtain the immunizations required **prior to** the start of school in August. You can mail a copy to the address listed above or fax to 972-350-9164, attention School Nurse. **Students will not be allowed to attend classes without proof of immunization requirements.**

Thank you in advance for your help. Having this done as soon as possible will make for an easy transition to 7th grade for your student. Feel free to email or call me with any questions or concerns.

Sincerely,

Lisa J. MacAulay, RN, BSN
