Field Day, and Bus Safety was discussed. Mrs. Nurre shared that bus safety was required by the State of Texas for all students. End of the Year parties were discussed. Many grade levels were still in the planning stages and more information would be coming out when available.

The 5<sup>th</sup> grade Graduation was reported on. The gift from the fifth grade students is a mural on the back wall of the cafeteria. The committee gave a vote of confidence to proceed with the idea.

Mrs. Nurre introduced a new idea for next year. She would like the students to participate in a positive start to their week through a morning assembly. The assembly would take place in the cafeteria for grades K-2 and in the gym for students in grades 3-5. Positive reinforcement, positive announcements, and a short lesson based on Ron Clark's Essential 55 would be presented. The teachers will also be selecting 10-12 students to mentor through the year. More details will be shared as they are worked out. The committee agreed with the proposal.

A reminder to vote for the School Board positions was given
