

The Flower Mound Public Library staff extends their best wishes to LISD parents, students and staff for a successful school year. As in-person learning starts, please be aware:

- All residents of Denton County are eligible for a Flower Mound Library card. Details on how to obtain a card can be found on our website: www.fmlibrary.net.
- A Flower Mound Library card provides access to over half a million e-content titles, including audiobooks, e-books, music, movies and more. In addition, Library cardholders can use Tutor.com, the Library's free online tutoring service, as well as dozens of research databases. Access information is available on the Library's website, or by calling 972.844.6200.
- Due to both COVID and an ongoing renovation project, the Library is currently open reduced hours and with some limits on available services. Please be aware that building occupancy is severely limited, and social distancing recommendations are being enforced. Therefore, it is recommended that families do NOT plan to use the Library for after-school study groups, or as a meeting place for student pick-up. Occupancy may be restricted during busy periods.
