## School Responsibilities

**Polser STEM Academy will:**

- Provide high-quality instruction in a supportive and effective learning environment that supports children in meeting the State's student academic achievement standards.
- Provide parents with frequent reports on their children's academic and behavioral progress. In each classroom, we will provide progress reports through Parent/Teacher conferences, samples of student work, updates on reading, writing, and math assessments. We will initiate parent contact at the first signs of a pattern of behavior that interferes with student learning.
- Set high expectations for staff, students, and parents by ensuring challenging curriculum, implementing programs targeted at increasing student achievement and committing to recruit, retain, and train qualified staff. As well as highlight/provide ways that the parents can advance the learning environment at home.
- Provide parents opportunities to volunteer and participate in their child's class, and to observe classroom activities, as defined by grade level teams once allowed due to COVID 19.
- Provide parents reasonable access to staff.
