

APRIL RECAP 2025

Lewisville High School Navy JROTC

OU field trip

Message from the Senior Naval Science Instructor:

As we wrap up this academic year, we are introducing the Cadet Newsletter. This will be published monthly and highlight all the activities that the Cadets accomplish every month. Looking forward, we will be preparing for next academic year by hosting a ½ day Basic Leadership Training Academy over the summer from July 21st through July 31st, and Freshman Orientation August 5th through August 7th. Information on these two opportunities will follow in separate correspondence.

Events/Trips this month:

April 12 – McKinney Drill Meet:

The team had a strong performance at the McKinney drill meet, taking home two first-place trophies. They came in 1st place in the flyweight tug of war competition, showing teamwork and determination. They also secured first place in the 1600-meter relay, demonstrating speed and coordination. This event marked a high point for the group early in the month and reflected the effort put into their training. It was a fun experience and brought many cadets together working as a team rather than individually.

April 22 – LEF Foundation:

On April 22, members took part in the LEF Foundation event. This foundation focuses on supporting education, and participation helped strengthen connections between students and the local community. Involvement in events like this highlights the importance of giving back and staying engaged outside of regular school activities.

April 25 – OU Field Trip:

Cadets attended the OU campus on April 25, where they toured and joined in on various organized activities on campus. The event gave cadets a chance to explore the university environment, meet new people, and learn information on universities and scholarships offered. It gave cadets an opportunity to experience college life and hopefully inspire them to attend college after their high school journey.

April 26 – Fort Worth Drill Meet:

The following day after our OU trip, Drill teams competed in the Fort Worth drill meet. This was a chance to showcase cadets discipline and competitive spirit against other schools. Drill team cadets gave it their all and competed strongly. At this drill meet new commanders, PO2 Soto R. and PO2 Ercay E. were given the opportunity to compete and demonstrate their hard work and efforts as upcoming commanders.

**April 28 – Colorpalooza Clean Up:**

On April 28, cadets volunteered in colorpalooza clean up in downtown Lewisville. They spent time together cleaning up public areas by picking up litter and trash they found, and helped keep the upkeep of their local environment. This kind of community involvement is important because it gives the cadets a chance to receive community service hours, but also because it allows cadets to give back to their community while also bringing them together.

April 30 – Award Ceremony/Military Ball:

Our April ended with our annual award ceremony followed by our Military Ball on April 30th. The ceremony recognized many individuals and team achievements from throughout the year, giving students a moment to be acknowledged for their hard work and efforts. The Military Ball that followed served as a formal celebration and a chance to reflect on everything accomplished throughout the year and it was a way for our instructors to show us their gratitude for all that the cadets in the program achieved this year.

Lewisville high school

Upcoming events:

- Senior night (May 7th)
- Uniform turn in (May 14)
- Last day of school (May 23rd)
- Memorial day Color guard @ The pearl (May 26th)
