

Library Selection Policy

Based on Lewisville ISD Local Board Policy
EF (Local) Selection Criteria Six

Instructional Program

Books in the library are designed to support content knowledge and process skills, and to aid in the development of reading and thinking skills based on Texas State Standards.

Reading Levels & Understanding

Professional reviews are used to determine the reading and interest level of a book.

Interests & Needs

Student and faculty suggestions, curricular topics, and current events are considered when selecting library material.

Literacy & Artistic Merit

Professional reviews are used to determine the quality of the author's purpose.

Accuracy & Clarity

Professional reviews are used to determine if the book's information is clearly written and accurate.
