

## What is a Compact?

A compact is a written commitment indicating how all members of a school community—parents, teachers, principals, students, and concerned community members—agree to share responsibility for student learning.

The purpose of the parent-school compact is to communicate a common understanding of home and school responsibilities to assure that every student attains high standards and a quality education.

This is a three-way partnership with a specific goal in mind.

The purpose of this agreement is to help parents and teachers come to a consensus on the responsibilities of the individuals influencing students' achievement. The underlying assumption is that a student's academic success will improve when the home and school work together.
