April

Field Trip to UTA

February Highlights for CIS:

AT&T

On February 17, Ms. Barnett took 26 students to the AT&T corporate office in Downtown Dallas. Killough students were invited to take a special tour of the executive floor where we saw beautiful glass meeting rooms and a modern office atmosphere. The students had a wonderful time learning more about what it is like to work for a large corporation.

Career Café Speakers

This month 3 seniors from Lewisville High School motivated students to finish this semester strong. Alex, Matthew, and Holly gave great advice about how students can make the most of their time in 9th and 10th grade.

Chin Cultural Festival

14 Chin students and 5 staff members from Killough attended the Chin festival at LHS-Harmon. Student Len Cuai sang a solo and Michael Ceu and Honey Par danced in a group dance with their church. We ate Chin delicacies, watched a fashion show, and celebrated the unique and rich heritage Lewisville Chin students come from. Overall, the Chin festival was a success and the students had a blast!

Movin On Up

The CIS office at Killough is expanding! During the 2015-2016 school year CIS will have classroom 103 to use as an office.

It will be a great place to hold groups, after-school activities, lunch meetings, study sessions, college-prep workshops, and more!

What is CIS?

The mission of Communities In Schools of North Texas is to surround students with a community of support, empowering them to stay in school and achieve in life.

CISNT dropout prevention programs provide solutions to keeping at-risk students in school and ultimately reduce the incidence of dropping out of school. We believe that dropping out is not just a school problem, but also a community problem. Therefore, we believe that coordination of community services is essential to meeting the needs of at-risk youth—youth not only at risk of dropping out of school, but also other at-risk social issues including substance abuse, teen pregnancy, involvement with juvenile justice system and other negative social outcomes.
