

STANDARD™ RESPONSE PROTOCOL EXTENDED

STUDENT SAFETY

A critical ingredient in the safe school recipe is the classroom response to an incident at school. Weather events, fire, accidents, intruders and other threats to student safety are scenarios that are planned and trained for by students, teachers, staff and administration.

SRP

Our school is expanding the safety program to include the Standard Response Protocol - Extended (SRPx). The SRPx is based on these five actions. Lockout, Lockdown, Evacuate, Shelter and Hold. In the event of an emergency, the action and appropriate direction will be called on the PA.

LOCKOUT - "Get Inside. Lock Outside Doors"

LOCKDOWN - "Locks, Lights, Out of Sight"

EVACUATE - "To the Announced Location"

SHELTER - "For a Hazard Using a Safety Strategy"

TRAINING

Please take a moment to review these actions. Students and staff will be trained and the school will drill these actions over the course of the school year.
