

## College Essay Workshop: Summer 2023

For the past five summers I have hosted a workshop for rising seniors to work on their college essays used for the college application process and scholarship opportunities. The workshop is four (4) days long for three (3) hours each day. Join us as we learn essay writing strategies, discuss common pitfalls to avoid, and start writing. Students will receive individual feedback via writing conferences and will finish the workshop with 1-2 complete (or nearly complete) personal essays. Due to the nature of the process, we are limiting ten (10) students per session. Sessions will be offered throughout the summer at different times to accommodate your different schedules. As sessions fill up, I may add more sessions.

***\*\*\* Students must bring a laptop or iPad to the workshop each day.***

**Who:** Class of 2024 students (rising seniors)

**Where:** All sessions will be held at FMHS (room number to be determined)

**When:** Please pick the session that fits best for you and your family. **Space is limited to 10 students per session.**

- ☐ Session 1: June 5-8 from 9:00am-12:00 pm
