About The MI Foundation

Born in 2015 from the care and compassion of our team, the MI Charitable Foundation was created to formalize support within our communities and the causes close to our hearts. Outreach committees at MI locations are empowered to plan and engage in fundraising and volunteer events they are passionate about, and the result has been rapid growth that continues to humble and inspire us. In addition to local giving, we've partnered with numerous national organizations to support three noteworthy causes: childhood cancer, child wellbeing, and veteran affairs.
