## Mrs. Teddy's Tidbits

Good evening Falcon Families,

Thank you all for the love and appreciation we received last week.

Happy Mother's Day to all the moms of Indian Creek! I know how hard each of you work to take care of your children, your families, and all the crazy times with no time for yourself. I want to send a special thank you to our PTA Board. Each year we have a special group of mom's that bring special programs to our students and staff. I am so appreciative of all their dedication and commitment to our school and making it such a special place for all of our students. I hope all your families made your day special.

This week is our second round of STAAR testing. Monday, Tuesday and Wednesday will be a closed campus to volunteers and visitors.

To get some input from parents, I have put together a survey about our Restorative Practices implementation. I would for you to talk to your child and take our survey. This is our second year to implement some of the practices, while we have just started some new ones. The survey communicates the practices we are using, as well as allow for input. I would love your feedback!

Have a great week!

# CAMP INVENTION -Summer 2019

Camp Invention will be June 3-7 here at Indian Creek. Unmask your child's creativity this summer in the all-new Camp Invention® program, Supercharged™, where children build confidence, learn to collaborate and transform their wild imaginations into epic creations. Campers entering grades 1-6 will learn creative problem-solving skills while coding and programming futuristic robots, uncovering ancient fossils, designing high-tech superhero gadgets and exploring radio frequencies. Indian Creek teachers and high school volunteers will lead this action-packed program featuring exhilarating, hands-on STEM activities teaching children to question, explore, break through obstacles and embrace failure! Visit [www.invent.org/camp](http://www.invent.org/camp) or call 800-968-4332 to register..
