Message from Ms. Jones

Howdy Falcon Families! WOW! I've already had such a great response for ICE College and Career Days!! The planning is continuing!! Chefs? Retail? Engineers? Sales? Educators/Coaches? Transportation experts? Cosmetology? Legal field? Medical Field? Fashion?

Any profession will be so fun to learn about!

Colleges to learn about- this could be a trade school, a prep program, a 2 year program, 4 year program, Master's program and beyond! It's so important that we start educating our students about all the interesting possibilities that lie ahead for them to work towards!

We are so excited to partner with you as we grow our ICE College/Career programming this year! As our students continue to prepare for success in the global 21st century workplace, the community plays such an important role by inspiring the next generation with valuable advice, work ethic, and success stories. If you are interested in speaking to ICE students this year, please contact Meredith Jones, ICE assistant principal, at jonesml@lisd.net

Also, if you have a family member or know of a business or community organization that we can partner with, I would also love that information! Thank you!

In your email please include:

- **Your first and last name**
- **Name of your ICE student(s)**
- **Preferred email and phone number to contact you**
- **Colleges attended and/or your current profession**

Additional details to help:

ICE College/Career Days will be held two times this year. Dates to be announced. The program will run in the morning for all of our learners. You will travel to individual classrooms to speak and interact with students for 10-15 minute sessions.

What should I bring/talk about?: Please come dressed in your favorite college shirt or the apparel that you wear for your career! Be ready to share what prepared you for college/current career (ex: subjects, teachers, goals, dreams, experiences prior to), fun college traditions, what degree you earned and/or a brief job description in kid friendly terms! Any visuals you can bring will help with student understanding. Students will also have prepared questions to ask!

Your time and participation are both greatly appreciated! I look forward to hearing from you!

Gig 'em!

PTA News

Indian Creek Elementary

Student Centered. Teacher Led. Community Loved.

As parents ourselves, one of our goals as your school's PTA is providing effective ways to make your job as an involved parent easier. Visit our website for up to date information on upcoming events, ways to help support our school, helpful links, and all things Indian Creek!

[HELP INDIAN CREEK ELEMENTARY BECOME A NATIONAL PTA SCHOOL OF EXCELLENCE!](#)

The Indian Creek Elementary PTA knows that a strong partnership among our families, school leaders and community members is important to the success of our students and school. That's why we are participating in the National PTA School of Excellence program, which grows partnerships between PTAs and schools to enrich the educational experience and overall well-being of all students.

At a National PTA School of Excellence, families feel welcomed and empowered to support student success, and PTA is a key partner for continuous school improvement. We feel Indian Creek Elementary and Indian Creek Elementary PTA can achieve that together—and the result will be national, state and community-wide visibility for the positive impact we are making together at Indian Creek Elementary.

We need your help! As part of the process, National PTA requests feedback from families, administrators and teachers at two points in the school year—the beginning and the end. Your feedback will help National PTA generate a customized guide which will provide specific recommendations for improving our family-school partnership and achieving excellence.

Please take 5-10 minutes to reflect on your experience at this school and **[complete this survey](#)**. Mark an "X" in the box that most accurately expresses how you feel about your experience. This survey is completely anonymous. Please return this survey by 9/30/2018.

REFLECTIONS: A NATIONAL PTA ARTS IN EDUCATION PROGRAM

Reflections has been a staple arts program in many schools for 50 years. Through the efforts of our Local PTAs, millions of students have found a creative outlet in the areas of dance choreography, film production, literature, music composition, photography, and visual arts around a common theme.

With positive recognition as the focus of this program, rather than competition, students of all ages and abilities can experience the benefits of creative expression and help in finding their own voice in telling their unique story.

Started in 1969 by Mary Lou Anderson, then Colorado PTA President, Reflections has grown to be one of the largest nationwide programs of its kind, with more than 200,000 students participating annually.
