

## Action Item

**Date:** June 10, 2019

**Division:** Employee Services

**Subject:** Consider Granting Superintendent Authority to Hire Professional Employment Positions

**Background Information:**

- The District will be interviewing professional and leadership positions after the regular June 10th Board meeting until the regular August Board meeting. As noted, there is no regular July Board meeting.
- To hire new teachers, principals, and district leaders immediately, the superintendent needs Board authorization to hire between the above dates.

**Administrative Consideration:**

- In the past, the Board has granted authority to the Superintendent to hire professional employment positions throughout the summer.

**Recommendations:**

- Grant authority to the Superintendent to hire professional employment positions June 10th until the next regularly scheduled board meeting in August.
