

Career & Technology

The background is a solid teal color. It features several decorative elements: a large, semi-transparent pie chart in the upper right quadrant; several smaller, semi-transparent pie charts scattered around; and a bar chart in the bottom right corner with four vertical bars of increasing height from left to right.

Thinking & Planning for Your Future

Career & Technology Education

- Goal/Mission

The mission of the Career and Technical Education (CTE) department in the Lewisville ISD is to provide a quality educational program that enables all individuals to achieve their fullest potential in the pursuit of high skill employment and advanced education. Each student shall be equipped with the technical, academic, human relations, and life-long learning skills necessary to adapt in a changing economy and to compete in the global marketplace.

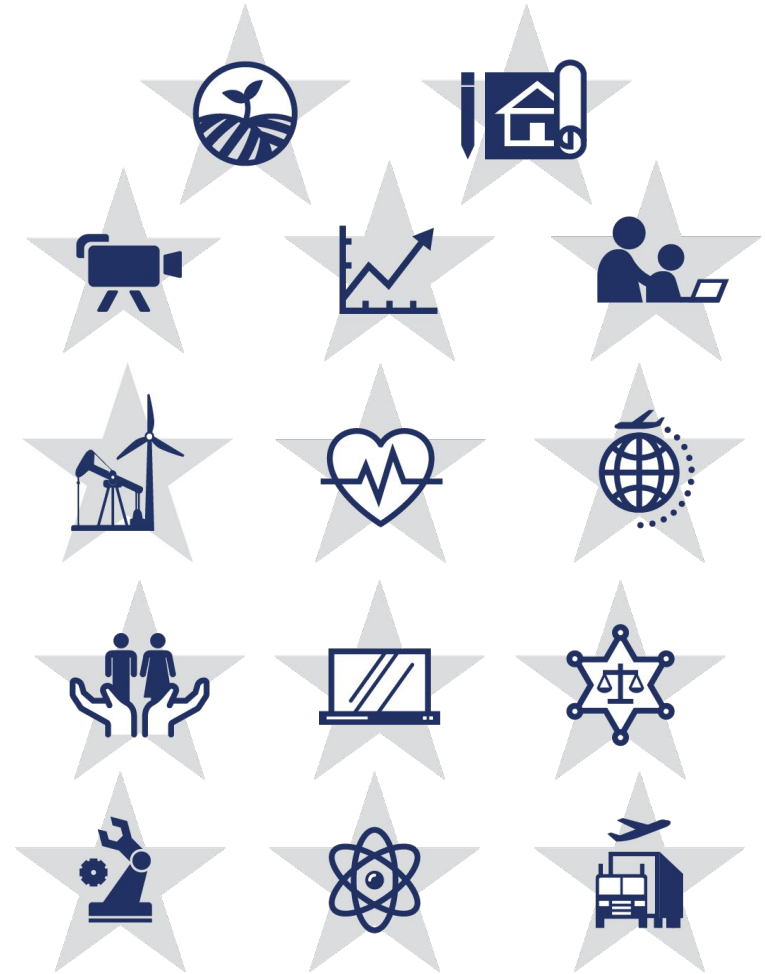

Benefits of CTE:

- Provide a quality educational program that enables all individuals to achieve their fullest potential in the pursuit of high skill employment and advanced education
- Give students a rich learning experience grounded in real-world applications and settings
- Assist students to identify possible career choices
- Career clusters/sequences that align state requirements
- Career pathways that provide access to industry-based certifications
- Career pathways are connected to endorsements for graduation
- Instruction from professionals with extensive experience in the career field

14 Career Clusters

- Agriculture, Food & Natural Resources
- Architecture & Construction
- Arts, AV Technology & Communications
- Business, Marketing & Finance
- Education & Training
