**679**

170 Average number of classroom visits per administrator

At Lewisville High School - Killough Campus, we believe that:

Students come first and are provided engaging educational experiences that will prepare them to be successful in the real world. Although risk-taking is a critical component of the learning process, we are committed to ensuring the mental, emotional and physical safety of children in order to prepare them for success with their post-secondary choices. By providing a safe avenue for making and correcting mistakes, students are encouraged to take risks while learning to be resilient. Students will have the opportunity to engage in real-world learning experiences through community partnerships, mentors, guest speakers and Block Lunch, as well as the use of project-based learning opportunities within the classroom.
