At Creekside Elementary, we believe that:

- Every child deserves to be educated in a way that prepares them for college if they choose
- Self-discipline is developed through the philosophy of love and logic
- Students should begin to set personal academic goals, track them, and achieve them
- Resilience is explicitly taught through our campus culture of failing forward, accepting all setbacks as opportunities
- Self-awareness and appreciation of others is fostered for all students
- Collaboration, determination and critical thinking are applied beyond the written curriculum through various clubs and community activities

Regardless of how the world or curriculum will change between today and when our students graduate, we believe these are the timeless skills that will make every Creekside Cub a success in the future they create.
