At Garden Ridge Elementary we believe:

- Students should be provided engaging real-world learning experiences.
- Students are challenged through risk taking and varied opportunities.
- Students are provided a learning environment that is safe and supportive in order to be successful.

All students have the opportunity to engage in inclusive experiences that ensure each child has the academic skills and social emotional support needed to be successful.

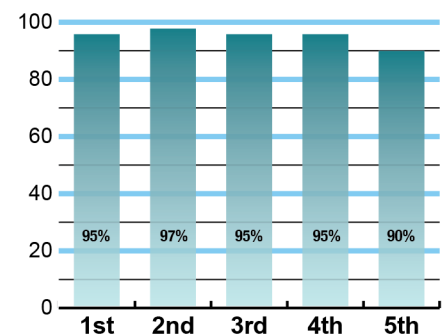

Through hands-on activities, community partnerships, field trips, and real-world experiences, students are challenged to push beyond themselves to have more meaningful and relevant learning experiences.

Garden Ridge Elementary is committed to the mantra of "Every student, every day, whatever it takes!" This commitment is embedded in our school's core values and educational philosophy, and it drives every aspect of our mission and vision to become an elementary school in which all students are engaged in differentiated learning at high levels equipping them with the knowledge and skills to become innovators in this ever-changing world.
