At McAuliffe Elementary, we believe:

- A safe and inclusive learning environment is paramount to student success
- Partnerships with families and community members foster authentic learning through real-world application
- Learning can, and should, be exciting
- Students should develop grit, problem solving, empathy, and leadership skills to be the leaders of the future

The McAuliffe staff strives to meet academic, emotional, social, and physical growth of all students. We strive to educate the whole child by employing high academic standards through design thinking and the integration of problem-solving skills, along with regular character education lessons and opportunities to think and build daily. Working together and learning from mistakes makes success exciting. Daily STEM opportunities provide learners the opportunity to become problem solvers and innovators while finding their place in the community and world.

Through varied clubs and extracurricular programs, along with a deep-rooted connection to our feeder pattern, McAuliffe staff works diligently to connect students with a passion or interest. Our goal is to find a connection with every child and family.

By establishing partnerships with family and community members through school events, speakers, volunteers, and activities, McAuliffe learners gain authentic-learning experiences spanning each aspect of their lives. The McAuliffe staff anticipates that our family made up of teachers, children, parents, grandparents, guardians, volunteers, and community grow together in a safe, inclusive environment every day.
