At Peters Colony Elementary:

We provide a real-world education that enables students to take their learning beyond the classroom. We believe this is accomplished through:

- Dual language programs in all grade levels teaching students academic and conversational English and Spanish
- Extracurricular activities that give students the opportunity to pursue their individual interests and student leadership possibilities
- Building relationships among school members, families, Communities in Schools and community mentors
- A diverse staff and student population
- Availability of multiple forms of technology for all students and staff

ACADEMIC PERFORMANCE

Istation by grade level

Lewisville ISD monitors students' reading progress through the Istation computer program. Teachers can quickly assess which students need help. This chart shows the percent of students reading on grade level or showing six months growth at the end of the school year.
