Graduations

Flash Photography has an outstanding history of 32 years of providing commencement photography in Texas. We are the largest commencement photographer in Texas and one of the largest in the nation.

Because of our vast experience in serving both the administrators and the graduates of these schools, our excellent reputation at graduation events is unmatched. Our seasoned teams have photographed commencements for many years and understand that each school has its own unique set of requirements.

Each student is photographed twice at the ceremony to insure that this very special memory is captured and can be treasured by friends and family alike. After the ceremony, graduation proofs are both mailed and emailed to the individual students – with no obligation to purchase photos. In order to insure complete privacy, our secure system provides each student with their own individual identification number for viewing proofs.

Our state-of-the-art ordering system allows students and their families to order by internet, phone, mail, or fax. Prints are mailed within 48 hours of ordering and come with a 100% money back guarantee.

Experience, quality, service- just some of the reasons Flash Photography is trusted to photograph more Texas commencements than any other company in the country.
