

# 21st Century Skills

## Communication

Students listen, articulate, and clearly communicate ideas through oral, written, and nonverbal avenues, utilizing multiple medias in diverse environments.

## Collaboration

## Creativity

Students use a wide range of creation techniques, demonstrate originality, and implement innovations.

Students work effectively and respectfully with diverse teams, assume shared responsibility, and value individual contributions made by each team member.

## Social Responsibility

Students demonstrate ethical behavior, accept ownership for actions, make decisions based on important core values, and keep the interests of the larger community in mind.

## Critical Thinking

Students reason effectively, solve problems, and make judgements and decisions.

## Technological Literacy

Students demonstrate digital citizenship and flexibility when accessing, managing, integrating, evaluating, and creating digital information.
