

Farmer Spotlight...Ana Bravo

Ana is a senior at Lewisville High School Main Campus. She attended Vickery Elementary, Hedrick Middle School, and LHS Harmon. Ana has a passion for learning. She has been involved in chess club, poetry club, FCA, and French club. Her passion for learning drives her to try a little bit of everything. She serves her community by helping at her church, El Camino, in the nursery, with mission organizations and with Vacation Bible School. Ana is also involved with Operation Christmas Child, an organization that sends Christmas presents to children in other countries. Ana plans on attending North Central Texas Community College and then transferring to UNT. She plans on becoming an International Translator for French and Spanish and traveling the world. Ana's teachers describe her as a beautiful spirit; which she shares with others and is an asset in the classroom. Ana is losing her eyesight but she does not let that slow her down. One thing you may not know about Ana is she is a fun person to be around, although she is seen as a serious person in class. Ana wants to tell the Class of 2017 that no matter what obstacles you face in life, do not give up on yourself. "I may have bad vision and walk around school with a white cane, but I am thankful for being accepted." Lewisville High School is a great place because of good kids like Ana Bravo.
