

- Event** – 2023 MHS Elementary Robotics Camp
- Who** – Rising 4<sup>th</sup> and 5 graders [in grade 4 or 5 next school year]
- Location** – Marcus Roboplex
- Date/Time** – June 20-22, 9:00a.m. – Dead-line to Pre-Register is May 25<sup>th</sup>
- Cost** – \$150 per student
- Equipment** – Everything is provided: Robots, Playing Fields, Computers

**Description** – This 3-day, 3-hour per day camp is designed for students with no prior robotics experience to compete using a LEGO Spike™ robot during the 2023-2024 school year. We will cover Spike robot build techniques, autonomous programming, and have a discussion of available competition events in the area. Your child will learn to work in a small-team environment using a hands-on approach to solve problems. After completion of the training, students will be ready to join a team of like-minded students and field a robot for the 2023-2024 competition season.

**Pre-Registration** – Students wanting to register need to complete the pre-registration using the QR code below. You will receive an email confirming your request. Students in classroom robotics will receive scheduling priority.

**Registration** – Once pre-registration is complete your parent will receive another email, with links to liability release forms, and payment options to secure your registration.

**Need more info?** – if you have questions please contact Mr. McCluskey, Marcus Robotics Instructor at [McCluskeyC@lisd.net](mailto:McCluskeyC@lisd.net)
