We want all our students to be "in the know" about planning their path to post-secondary education and their future career. This is an ever-changing world in which much of the job growth is in areas that didn't even exist five or ten years ago.</p> <p>From academic planning in high school to test preparation to college applications to financial aid, scholarships and grants, we want all our LHS Triad students to understand how to best prepare themselves for college or other post-secondary training that will provide them with the skills to successfully prepare for a rewarding career.</p>
