The following resources are used to meet the needs of special students: 504, Inclusion, Contact Teachers, G/T services, Advanced Placement (secondary only) and Literacy Intervention/Dyslexia.				
Language acquisition services are provided for language learners through differentiating for their stage of language acquisition through models aligned with state requirements.				
Special education services are provided to students as determined by the ARD committee.				
G/T services are provided in alignment with the Texas State Plan for Gifted/Talented students.				
The campus will demonstrate integration of technology in instructional and administrative programs to support student learning.				
LISD takes a comprehensive approach in providing treatment and acceleration to students who have been identified with having a special learning disability of dyslexia. Depending on the age, language, skill ability and identified strengths and weaknesses, the district offers a variety of programs based on the well-researched Orton-Gillingham method of instruction. Reading interventions based on this approach provide the comprehensive learning strategies students with dyslexia require to overcome their literacy struggles by using multi-sensory tools to teach phonemic awareness, phonics, fluency, vocabulary and comprehension sequentially. All scripted, direct instruction reading programs adopted for use in LISD, including MTA, Foundations, Esperanza, New Herman Method and Language! Live were carefully vetted based on teh TEA required principle of effective dyslexia instruction. LISD ensures all the reading interventions for struggling readers are provided with consistent and fidelity in order to ensure students close the gaps and are using their newly acquired skills to become more confident readers.
