#### **Demographics**

#### **Demographics Summary**

Vickery Elementary serves 635 students in grades K-5. The demographics of Vickery students are 72% Hispanic, 9% are White, 9are Asian, 7% are African Americans, 2.5% are two or more races, and 1.6% American Indian or Alaska Native, . 48% of the students are male and 52% are female, 66% are Emerging Bilinguals, 389 participate in the Dual

2 speech and language teachers

1 permanent sub

1 CIS staff member

#### **Demographics Strengths**

We are a diverse population.

We have a diverse number of staff members.

#### **Problem Statements Identifying Demographics Needs**

**Problem Statement 1:** Our special education population has grown and although most student qualify when referred, we do not believe that teachers are using an intervention protocol with fidelity. Too many students are being referred for special education before completing a true intervention cycle. **Root Cause:** Teachers have not been trained on how to best implement an intervention system that uses a variety of strategies over a period of time in an effort to close learning gaps.

### **Student Learning**

#### **Student Learning Strengths**

Teachers at Vickery participated in monthly PLC's where they concentrated on TEKS related to Author's Purpose. This process allowed for an emphasis campus wide and allowed for teachers to gain a deeper understanding for this TEKS bundle. Which then led to an increase in Reading STAAR scores.

#### **Problem Statements Identifying Student Learning Needs**

**Problem Statement 1:** Students did not show growth on STAAR; nor did they reach grade level expected achievement. Vickery did not have enough students score meets and masters on any subject in any grade. **Root Cause:** Teachers are not using GRR process to release students to grapple with the work. Students are not being challenged or pushed to do their own thinking. TEKS are not being taught to the full depth of the standard.

#### **School Processes & Programs**

#### **School Processes & Programs Summary**

Vickery utilizes a campus based Multi-Tier System of Supports (MTSS), which integrates PLC's and Standard- Protocol Approach to RTI to ensure that all students receive differentiated instructions to help students be successful. A Master schedule is developed each year to ensure that all instructional minutes for each content area is delivered according to district guidelines. Tier 1 lessons and common formative assessments (CFAs) are developed during grade level PLC's to drive instructional practices. During PLC's, CFA's, CBA's and iStation scores are used to determine Tier 2 and Tier 3 interventions and enrichment that are needed for each child.

Title One tutor, LAS aides, Dyslexia Specialists, LAS teachers, SDI teachers, and SDI Aides are used to provide targeted intervention to students that fallin the Tier 2 or Tier 3 category. If a students continue to struggle after MTSS interventions are administered, a committee meets to discuss referrals.

#### **School Processes & Programs Strengths**

LLI by Fountas and Pinnell and Estrellita are two of the researched-based standard-protocol reading programs used to deliver Tier 2, and Tier 3 instruction. Grade level PLC concentrated on Author's Purpose which then allowed for teachers to use data from assessments to guide TIer 1 and small groups instruction. RT meetings are held on a monthly basis to review student data and ensure effective interventions are in place. Title One tutors are used to provide TIer 2 and Tier 3 interventions.

#### **Problem Statements Identifying School Processes & Programs Needs**

**Problem Statement 1:** Although participation in intervention daily, teachers have not been trained or given then resources to implement a true series of interventions in both math and reading. We are too quick to refer students before we complete an intervention cycle. **Root Cause:** Lack of training and materials.

## **Perceptions**

#### **Perceptions Summary**

96% of parents agree: I am satisfied with my child's school

94% of parents agree: do whatever it takes to help my child meet high academic standards.

96% of parents agree: families who visits the school are welcomed, treated with respect, and encouraged to be involved.

94% of parents agree: school/ staff does a good job of communicating with parents/ families.

#### **Perceptions Strengths**

97% of parents agree: child is glad to come this school most of the time.

97% of parents agree: my child's well being is supported by the school.

#### **Problem Statements Identifying Perceptions Needs**

**Problem Statement 1:** Although 94% of families agree or strongly agree with the statement " Teachers do whatever it takes to help my child meet high academic standards "this aligns with our priorities of exposing the students to rigors, challenging work that meets the demands of the TEKS. **Root Cause:** Teachers need a refresher in the gradual release of responsibility process to expose students to high level instruction that allows the students to experience productive struggle.

A proactive plan identifies and helps troubled youth through partnership with counselor and teacher to identify supports and interests.  SAPP provides pregnant and parenting students with the support and resources needed to complete school, while equipping them for their future as college and career ready individuals with marketable skills, and helping them to become the best possible parent. SAPP provides childbirth education to pregnant students, parenting education to student who have a child and case management. Assistance is provided through case management, agency referrals, and prenatal (when medically necessary) and postnatal home instruction according to TEA guidelines. Students may remain at their home campus while they receive SAPP sercies or they may choose to attend LLC and work with their home campus counselor to complete the process.

LISD takes a comprehensive approach in providing treatment and acceleration to students who have been identified with having a special learning disability of dyslexia. Depending on the age, language, skill ability and identified strengths and weaknesses, the district offers a variety of programs based on the well-researched Orton-Gillingham method of instruction. Reading interventions based on this approach provide the comprehensive learning strategies students with dyslexia require to overcome their literacy struggles by using multi-sensory tools to teach phonemic awareness, phonics, fluency, vocabulary and comprehension sequentially. All scripted, direct instruction reading programs adopted for use in LISD, including MTA, Foundations, Esperanza, New Herman Method and Language! Live were carefully vetted based on teh TEA required principles of effective dyslexia instruction. LISD ensures all the reading interventions for struggling readers are provided with consistency and fidelity in order to ensure students close the gaps and are using their newly acquired skills to become more confident readers.

## Title I

#### 1.1: Comprehensive Needs Assessment

A comprehensive needs assessment is conducted on an annual basis. Multiple data sources are used from various stakeholders (parents, administrators, teachers, and community members) via surveys, meeting participation, etc. The areas of assessment include demographics, student achievement, school processes and programs, and perceptions. The school wide focus is on academic student achievement as measured by growth throughout the school year.

#### 2.1: Campus Improvement Plan developed with appropriate stakeholders

A campus improvement plan is developed based on the comprehensive needs assessment findings. The plan is monitored throughout the year and adjustments are made to support the goals outlined in the CIP. Copies of the CIP are posted on the district and campus website and are shared with various stakeholders during meetings where adequate notice of meeting dates and participation is welcomed and encouraged.

#### 2.2: Regular monitoring and revision

Throughout the year the campus improvement plan is monitored and adjusted to best support student achievement and related initiatives. The campus Leadership Team and Vickery Elementary Building Leadership Team are involved in monitoring the campus improvement plan.

#### 2.3: Available to parents and community in an understandable format and language

Information is available to parents and community members in an understandable format and language. The district and campus websites include a feature which translates all content.

#### 2.4: Opportunities for all children to meet State standards

Progress monitoring of Math and Reading data is used to determine students in need of academic support. MTSS meetings are held regularly to determine which students are in need of Tier 2 & Tier 3 interventions. Parents are provided resources to help support student progress.

#### 2.5: Increased learning time and well-rounded education

Based on need as identified via the MTSS process, additional learning time is provided during the school day and/or outside of the school day. Designated intervention times limit students missing core instruction.

#### 2.6: Address needs of all students, particularly at-risk

Vickery Elementary Based on need as identified via the MTSS process, additional learning time is provided during the school day and/or outside of the school day. Designated intervention times limit students missing core instruction.

#### 3.1: Annually evaluate the schoolwide plan

A campus improvement plan is developed based on the comprehensive needs assessment finding. The plan is monitored throughout the year and adjustments are made to support the goals outlined in the CIP. Copies of the CIP are posted on the campus website and are shared with various stakeholders during meetings where adequate notice of meeting dates and participation is welcomed and encouraged.

#### 4.1: Develop and distribute Parent and Family Engagement Policy

Annually stakeholders, including parents, staff, and administrators, jointly develop a parent and family engagement policy to encourage partnership and participation in activities that foster relationships which support student achievement. Input is gathered via Campus Improvement Committee meetings and online surveys, during the spring of the previous school year. Updated policies are reviewed and disseminated at the beginning of the school year via ParentSquare and orientation meetings.

## 4.2: Offer flexible number of parent involvement meetings

There are multiple opportunities offered to parents in order to encourage participation in campus community meetings. These opportunities span different hours of the day in order to accommodate different schedules and they also span different formats including virtual meetings, face to face meetings, and recorded presentations.
