

Exciting DFW SUMMER CAMP OPPORTUNITIES

Searching for an enriching and thrilling summer adventure for your child? Your search ends here! Texas Tech K-12 is excited to introduce our lineup of captivating summer camps, all held at our Texas Tech DFW facility in Irving, TX.

NutriNinja **BOOTCAMP**

July 23-25

Elevate your child's understanding of sports nutrition, culinary medicine and science with NutriNinja Bootcamp. This three-day camp offers hands-on learning for 25-30 students. From nutrition basics to culinary skills and nutrition in sports, your child will gain valuable knowledge and practical experience. Scan the code to learn more.

Red Raider **CODEQUEST**

July 29-August 1

Calling all future app creators. Want to turn your ideas into awesome games and apps for iPhones and iPads? Join our super fun adventure where you'll learn how to design cool app screens and speak the secret language that tells them what to do (it's called Swift coding). This is hands-on learning, so get ready to make something amazing! Scan the code to learn more.

Mad **SCIENTIST**

August 5-6

Get ready to unleash your child's inner scientist with Mad Scientist Camp. From mind-blowing experiments to hands-on activities, this camp is filled with fun and discovery. Scan the code to learn more.
