

July 24-28 @UNT at Frisco

# UNT NextGen DATA Leadership Summer Camp

## What is it?

This five-day summer camp will foster interest in information science and data science within local DFW communities and develop the next generation of leaders within these fields.

## What will I learn?

Each day aligns with one or both of the topics of data analytics and technological advancement (e.g., basic concepts of data science, interaction with AI/chatbots, human-technology interaction, AMVR, fake news). It also focuses on the key principles of leadership, teamwork, and social inclusion. Interactive activities for students are emphasized.

## Details:

Date and Times: July 24-28, 2023 from 9am to 3pm each day

Location: UNT at Frisco Landing, 12995 Preston Rd, Frisco, TX 75033

Ages: Participants must be rising 9th graders through High School Seniors
