				5/13 – School's (almost) Out! Making the Most of Summer

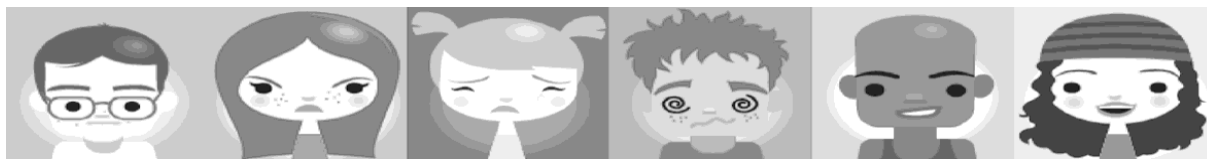

### What happens at the Special Education Family Center?

**Parenting Resource Groups:** Children with special needs can require extra management skills. The LISD Special Education Family Center offers a variety of research-based parenting resource groups to provide support to parents of children with special needs. Parent resource groups are from 6:30 pm to 7:20 pm on Tuesdays. We follow the LISD calendar.

**Youth Skills Groups:** While parents attend Parent Resource Groups, children will be offered a skills-based group of their own. These groups will support topics presented to parents and will be interspersed with fun activities. Students will be placed in groups dependent on age and developmental level. Siblings may attend if space is available.

**Family Counseling:** Family counseling offers all members of the family an opportunity to share their honest perspectives and discuss solutions in a caring manner. Each family may meet for up to six sessions with a solution-focused approach. Appointment times are 5:30 pm to 6:20 pm on consecutive Tuesdays.

**\*\*Childcare is provided by LISD Staff\*\***

Families with a child qualifying for LISD Special Education services may self-refer or be referred to the LISD Special Education Family Center by any member of the student's ARD Committee: [www.lisd.net/Page/21786](http://www.lisd.net/Page/21786)

For more information, email us at [FamilyCenter@lisd.net](mailto:FamilyCenter@lisd.net).

Services offered may be limited due to available space.
