

LISD Community,

What an incredible first day of school we had yesterday. Seeing your smiling faces arriving at our campuses to start off what is sure to be an amazing school year is something I will carry with me for a very long time. I am so grateful you have chosen our school district to be a part of, and look forward to what is ahead of us as ONE Lewisville ISD!

In my first edition of The Rapport for the 2022-23 school year, you will find the recap of the regularly scheduled board meeting from Monday, where we welcomed new principals, and head coaches and head directors hired over the summer. I am so excited to see where these leaders take our campuses, and athletic and fine arts programs next.

We also discussed [safety and security](#) procedures and [COVID](#) protocols, and what families can expect to see this year regarding these important topics. More information can also be found in my [back-to-school update](#) I shared last week.

We continue to be faced with challenges when it comes to staffing shortages, and I hope you will join me in appreciating and encouraging our teachers and administrators as we all work through difficult circumstances together. Their commitment and devotion to the education of our children is unmatched, and I look forward to showing them the gratitude and respect they deserve together as a community this year.

I have been looking forward to this week all summer long, and am thrilled to serve as leader of this great district we call home. I am sending you all my best wishes for an incredible school year and look forward to witnessing the accomplishments of our students and staff.

Sincerely,

Lori Rapp
