LISD Community,

I hope you are enjoying the rest of your summer. As I come to you this month for my regular update, I cannot help but look forward with great anticipation as we work through our plans to welcome students back to campuses on Aug. 10. I am so excited to kick off this school year with you all, and I cannot wait to see what lies ahead of us as we come together as ONE LISD community to provide the best learning experiences possible for our kids.

These next few weeks of summer will be busy for all of you, no doubt, so I want to provide you with as many resources as possible to help you prepare for the first day of school in just a few short weeks.

In this edition of The LISD RAPPort, we have compiled all of your Back-to-School resources in one place for you to reference, as well as a few updates as we work through our plans regarding the safety and security of our district moving forward. You can expect to hear from me before the start of school with more details concerning this topic, as well as an update about our COVID protocols this year. Watch my video below for more information.

You can also expect to receive an email from us the week of July 25 containing details about completing your back-to-school forms, an important step in making sure we have your most up-to-date information for your child.

I look forward to the school year ahead, and thank you for your partnership in the education of your child.

Sincerely,

Lori Rapp, Ed.D.  
Superintendent of Schools
