

Rapport is defined as a close and harmonious relationship in which the people or groups concerned understand each other's feelings or ideas and communicate well.

LISD Community,

What an honor it is to be writing to you today as the Superintendent of Schools for the greatest school district in the state of Texas - Lewisville ISD. I couldn't be more humbled and honored to be tasked with the great responsibility of leading this district to even greater heights, and I thank the LISD Board of Trustees for trusting me to do so.

I hope you will take a minute to watch this brief video to allow me to introduce myself to you, and share a few thoughts about what you can expect from me as your superintendent.

I also want to welcome you to our newest monthly communication for families - **The LISD RAPPorT**. You will soon learn that our Communications Department loves to create a play on words with my name - I never realized how many there were!

My hope is this newsletter will be informative and helpful, and also give you reason to celebrate our amazing district.

I thank you for your continued support of our district, and the outpouring of kind messages you've shared with me in the last few weeks. I look forward to working with you to take LISD to even greater heights.

With gratitude,

Lori Rapp, Ed.D.
Superintendent of Schools
Lewisville ISD
