

Rapport is defined as a close and harmonious relationship in which the people or groups concerned understand each other's feelings or ideas and communicate well.

LISD Community,

I hope you had a great spring break and were able to spend time doing things you enjoy before we entered the home stretch of the 2021-22 school year. It has been a wonderful first month as LISD superintendent, and I credit that to our amazing staff, students, families and community.

In these last few weeks, I have had the opportunity to meet with several different campuses, committees and student leader groups, and I have to say, the incredible things happening in our district never cease to amaze me.

I hope you were able to visit your child's campus or meet with their teacher, either in person or virtually, for our spring open houses. There's no better opportunity to witness the amazing things our kids are accomplishing than to see it for yourself at an open house.

I also recently had the honor to present to school leaders across the nation on behalf of our technology department about LISD's commitment to student data privacy. The work they do is incredible and I couldn't have been more pleased to have the opportunity to brag on them a bit. Keep reading below to learn about more technology highlights!

LISD will be hosting a job fair at Hebron High School on April 2, so I ask you to please help us spread the word as we fill critical teaching positions throughout our district. Lastly, it is time for LISD to consider the renewal of our District of Innovation plan, and we want your input. I encourage you to keep reading for more information about these topics, and to keep an eye out in the coming weeks for a dress code survey, and an opportunity for families to provide feedback on how LISD is serving the needs of our students with our annual family survey.

Community engagement is something extremely important to me as leader of this great district. I want to hear your stories, I want to listen to your feedback and input, and I want to celebrate our staff and students. On behalf of all LISD staff, I thank you for your continued partnership in the education of your child.

With gratitude,

Lori Rapp, Ed.D.

We're a Common Sense District!

Did you know that LISD is one of 63 districts across the country, and one of only **nine** in Texas, considered a **Common Sense District**? This distinction awards districts who excel in teaching and emphasizing the importance of digital citizenship. For more information, including resources for parents, click [HERE](#).

Dr. Rapp discussed this distinction in her recent presentation to school leaders around the country regarding LISD's **student data privacy strategy**. Read more [HERE](#).

DISTRICT NEWS

District of Innovation

The District of Innovation (DOI) concept gives school districts flexibility in several areas governed by the Texas Education Code. LISD implemented a Local Innovation Plan in 2017, and the time has come to consider renewal of our plan. We are seeking input from the community on our proposed plan. For more information and to submit feedback, visit [LISD.net/DOI](#).

Virtual Learning Academy

Be on the lookout for an email coming from us in the next few days regarding the possible addition of a full-time virtual learning academy for the 2022-23 school year for grades 3-12 only. We will be seeking your input and interest to determine if this learning opportunity would be a good fit for some of our families.
