AP[®] with WE Service

Earn the AP with WE Service recognition at Elite Prep!

AP with WE is not a course. It's a service-learning project completed by a student as a part of an AP course. In this unique program developed by the College Board + WE Charity, students take what they learn in an AP course and apply it to the real world by planning and completing teacher-approved service-learning activities.

01

AP Course

Take the AP course during the summer or school year

02

Service Project

Plan & carry out the service project addressing a local and global issue

03

Exam & Portfolio

Take the AP exam in May and submit your service portfolio

EXAMPLES OF AP WITH WE SERVICE PROJECTS

AP Computer Science Principles

Developing software for a local community service organization

AP Computer Science A

Creating an app to help people who suffer from anxiety and panic attacks

AP Psychology

Surveying the community to help nonprofits combat homelessness

AP with WE helps students STAND OUT on college apps!

- Civic Engagement
- Critical Thinking Skills
- Inspiration for College Essays
- Leadership Experience
- Communication & Collaboration
- College Board Recognition

AP with WE at Elite Open School is open exclusively to students who take EOS AP courses in SUMMER or FALL 2025

"The AP with WE program at Elite allowed me to apply what I learned in my AP classes to real-world challenges. I conducted research on data-related topics and created a website, which was incredibly satisfying! I even looked forward to our check-in days because I was excited to share my updates. AP with WE was valuable to me because it bridged the gap between learning and real-world application."

- **Lower Division (6th-8th graders) • Class Schedule TBA**
- **Upper Division (9th-10th graders) • Class Schedule TBA**
- **Upper Division (11th-12th graders) • Class Schedule TBA**

The LEAD Math Competition Club helps top math achievers prepare for challenging and selective math competitions, giving them the analytical experience and problem-solving skills they need to succeed in competitions and prepare for future STEM careers.

Build Foundational and Advanced Math Skills

In the Elite Math Competition Club, we start by reinforcing the fundamentals to ensure that they're rock solid. Then we build upon them to take you to the next level. We'll focus on reviewing past material, mastering new concepts, and developing proven test-taking techniques—skills that will both help prepare you for challenging math competitions like the AMC 8/10/12 and ensure that you're ready for your next level of math courses in high school or college.

Strengthen Your Resume and College Apps

Qualifying scores in prestigious math competitions can have an enormous impact on a student's chances of acceptance to top STEM schools, such as MIT, Caltech, Harvey Mudd, UC Berkeley, and more.

- **American Math Competitions AMC 8/10/12**
- **American Invitational Mathematics Examination (AIME)**
- **USA Mathematical Olympiad**
- **Mathematical Olympiads for Elementary and Middle Schools (MOEMS)**
- **Continental Mathematics League**
- **MathCON National Student Math Competition**
- **Caribou Mathematics Competition**

Intro to Speech & Debate

LEAD Extracurricular Program • Grades 9-12 8-Week Live Online Course

June 21 - August 9, 2025
Saturdays @ 3:30-5:30pm

Introduction to Speech and Debate is a beginner's guide to competitive and compelling public speaking.

Learn how to speak confidently in any scenario and discover methods and practice drills used by the country's top student speakers. Reap the benefits of practicing in a "team" setting, without the pressure of traditional competition.

Regardless of education focus, learning how to communicate effectively is a core skill needed in every industry. From class presentations to college interviews, speaking with charisma is an underutilized yet essential professional tool.

You'll finish this program ready to debate your classmates, give informative presentations, and even improvise compelling speeches.

Instructor

Leahkim Luansing has been involved in high school and college debate since 2008. As a competitor and coach, she worked with independent and nonprofit institutions to develop and teach various strategies used in competitive events such as Policy, Public Forum, Parliamentary, and Lincoln-Douglas Debate.

Prerequisites

- This program is open to students in grades 9-12
- No prior experience or business knowledge is necessary

Program Takeaways

- **Structured outlines for different communication styles (e.g., Persuasive, Informative, Collaborative, etc.)**
- **Improved short-form writing through practice drills, improvised speeches, and class debates**
- **Competition information and evidence research required to enter NSDA Speech & Debate events**
