

# Coffee Talks with Mr. Holt

9/27/18

8:00 a.m. and 6:00 p.m.

# Purpose of talks.

To provide information of Campus goals and processes as well as allow for input from parents and stakeholders. We want to be able to have a conversation about our children, school and education.

# The philosophy behind Dragon Nation!

We want you to feel a part of the Dragon Nation.

Our Vision Statement:

Durham Middle School will foster a safe, inclusive culture that meets social, emotional, and academic needs to build confidence and develop future ready skills.

# Marble Project

# Restorative Practices

This year we trained 6th grade and elective teachers in Restorative Practices to reduce the number of discipline referrals and keep students in class.

Our goal is to protect the instructional time within the classroom.

# PLC's for Teachers

We have went through the process of developing a Targeted Improvement Plan.

Through this process we have identified the two areas of Math and English to focus. Our goal is to improve the number of students that will test at or above grade level.

We have implemented PLCs for the four content areas of Math, English, Science and Social Studies.

# Parent Input Survey

Thank you so much for participating in the Parent Input Survey that was sent out.

Several of the compliments centered around communication and great teachers.

Areas of concern or suggestions were focused around social/emotional needs of students.

# Open Forum

Please feel free to ask any questions that you may have. Please understand we cannot address anything involving an individual teacher or student situation.

Also please use the sticky notes to write a question or suggestion. Sticky notes may be placed in the Parking Lot Area before leaving.
