

# ***Edward S. Marcus High School, Est. 1981***

Good afternoon MHS Parents & Students!

We look forward to seeing all of our students and families tomorrow morning as we begin the 2019-2020 school year! Please see below for a few reminders to help us all get off to a great start!

## **Student Schedules**

- ***All students, please check schedules in Skyward tonight.*** Classes may have shifted in the last few days due to balancing class sizes.

## **Parking & Traffic – First Week**

- ***Please allow a little extra time this week for morning and afternoon traffic.*** Things will settle in within a few days once everyone is back in the swing of things.

## **Marauder Time Bell Schedule – All Week**

- ***We will use the Marauder Time Bell Schedule every day this week.*** Please click [here](#) to access our bell schedules for 2019-2020.

## **New Campus Visitor Procedures**

- This is a reminder... LISD has implemented new check-in procedures for parents and visitors. ***All campus visitors will be required to present their ID at the exterior front door through a video camera prior to being allowed to access the security vestibule.*** Please click [here](#) to access an instructional video which shows the new check-in procedures.

## **Students Pictures & IDs**

- ***Student pictures will take place August 14th and 15th.*** Classes will be called down a few at a time by a staff member to minimize wait time. Images will be posted online at [glamourcraft.com](http://glamourcraft.com) about two weeks later for viewing and orders. ***Picture retakes will take place on September 17.***

## **Student Passwords**

- LISD is implementing a password security measure to protect student accounts. You can currently view your student's district-generated password in the Portfolio section of Skyward Family Access. At any time, students have the option to change their password using the new password change tool (<https://password.lisd.net/>). ***If students do not change their password before Friday, August 16th, the district-generated password will go into effect.*** Teachers can assist students' password issues throughout the year.

Have a great first week!

***Will Skelton***
