

## SENIOR FUN VIDEO

MHS Seniors:

Upload a video of yourself to the senior class Canvas in your graduation gown scrolling your cap across the screen like the example shown here: [SAMPLE VIDEO.mov](#)

Make sure your camera is **Horizontal** when recording and **3 seconds long**.

To help me edit the film for the final project, please have whomever is filming you clearly state your name so that I can hear your name on the video. Do not say it yourself in front of the camera. Ask one of your parents or siblings to help - I am sure they will enjoy sharing this fun moment with you! No one will hear the sound but me as the sound for your video will be turned off.

Make sure you have a good background and good lighting and smile. **DO NOT COVER YOUR FACE** with your cap and keep it level as you scroll!

Have fun as we continue to celebrate you, our Class of 2020!

Please do me a favor, tell all your friends about this project because I want as many of the MHS seniors in it as we can - and don't forget to tell your early grad friends! They can email their video to me directly at [housen@lisd.net](mailto:housen@lisd.net). Deadline for submission is Friday May 1.

This video will be used to create a class iMovie that will be published on Marcus website and other social media sites and shared with our community. By sending your video you agree to the use of your video for this project.

We are so proud of you!
