September 7, 2020

Dear MHS Students and Parents,

Tomorrow, our family here at Marcus High School takes a big step as our “In-Person” and “Virtual Plus” students return to campus. We have all been preparing for this day and I know our teachers, staff members, families, and students will rise to the occasion to make our first week on campus a great experience!

I am sure that you are all very busy today, so I will keep this letter short and sweet with a “Top Ten” list for our return to campus.

1. All week, our staff will be in the hallways to help you find your way. If you’re not sure where to go or what to do, just ask us! We’ll be here to help you.
2. Please remember that while we are in “Level Orange” we cannot accept deliveries. This includes lunch.
3. Our doors will open at 7:45 am each day. Please do not arrive or drop off students early unless a teacher or coach has made specific arrangements to let you in. (tutoring, practice, etc.)
4. Please be prepared for delays this week in the parking lots as well as the drop-off & pick-up areas. It is always this way at the beginning of the school year until the traffic pattern settles in. Students, if you’re running late to school, please take a deep breath, slow down a bit & drive carefully. It’s ok! We’ll be here to help you find your way when you arrive.
5. Please remember to wear your mask. All students and staff will be required to wear their masks to enter the building.
6. Students in the fully virtual learning pathway - This is just a reminder to stay home tomorrow.
