

COMMITTED TO EXCELLENCE

**DATE:** May 13, 2013

**TO:** Jennifer Spitzer, Principal

**SUBJECT:** B. B. Owen ES - IAQ - Remediation Results report - Library

Good News! At 2:30 PM, this afternoon, I received Clearance on the Library. I have notified ARC Abatement, and they will be out at 8:30 AM tomorrow morning to take down the containment. Alex will be there to watch. I have copied Keith Templin in this E-mail, with Projects. He will be supervising the Build Back. He will be contacting you for the details on how you want it rebuild. After all the Build Back is completed, I will be requesting Custodial to Steam Clean the carpet in the whole Library. After a week or so, I will have the Library Air tested.

If you have any questions, please call me.

Thanks,  
Paul
