

COMMITTED TO EXCELLENCE

**DATE:** May 30, 2013

**TO:** Teddie Winslow, Principal

**SUBJECT:** Independence ES - IAQ - Air Test - Room 109

On Thursday 5/23, I received Work Order #155119: *"Per the teacher, his classroom smells moldy-like dirty water. Classroom 109"*. Larry Worley inspected the room and found no water intrusions. An Air Test has been requested by Southwest GeoScience, and we should have the results by Friday 5/31. If you have any questions, please call me.

Thanks,  
Paul
