On Wednesday 9/5, I received W.O. #132266: "Need air tested in the following classrooms: Teachers are complaining about a "mold" smell and getting sore throats. A15; A16; A17; A-18; A19; A20." Yesterday morning 9/6, I inspected all the rooms. I will be putting in a P.O. to Southwest GeoScience, to Air Test all the rooms next week. We should have the results back by Thursday, 9/13. If you have any questions, please call me.

Thanks,  
Paul
