SUBJECT: Lakeview MS - IAQ - Air Test - 2 Counselor's offices and Reception Area

Last Friday 9/7, I received W.O. #132506: "Check IAQ for counselor's offices (2) and hallway leading from RR to back entrance-jwink". This morning 9/10, I inspected the area. I am putting in a P.O. to have the three areas Air Tested. Southwest GeoScience will be testing this week, and we should have the results this week. If you have any questions, please call me.

Thanks,
Paul
