

COMMITTED TO EXCELLENCE

DATE: September 20, 2012

TO: Pete Taggart, Principal

SUBJECT: McKamy MS - IAQ - Air Test - Room 1130

On Tuesday, 9/18, I received a phone call from Ruth Reibly, about Room 1130 and an odor in the room. Within 15 minutes, I inspected the room. Wasn't able to smell the odor, but talked to the two teachers in the room. I noticed two stained ceiling tiles. I requested the West Zone to replace them. I also have requested a P.O. to Air Test the room as soon as possible. If you have any questions, please call me.

Thanks,
Paul
